

STEPHANIE R. WOOD

stephaniew@chdlaw.com
(945) 205-0301

Ms. Wood is Counsel in the Washington D.C. office of the firm where she focuses primarily on patent litigation. Ms. Wood has handled a myriad of cases in Federal courts with patent litigation experience in major U.S. forums including cases at the ITC and in the Eastern and Western Districts of Texas, the Northern and Central Districts of California, and the District of Delaware. Ms. Wood also has extensive experience with copyright, trade secret, false claims, unfair competition, and other complex commercial litigation.

Ms. Wood has experience counseling clients regarding semiconductor processes and manufacturing technologies, advanced chip packaging, medical devices, telecommunications, and software. Her background in chemistry and experience working with engineers at the client's plant/factory has enabled her to understand the technology of her clients and makes her an invaluable contributor on cases requiring specific technical knowledge.

Prior to practicing law, Ms. Wood worked for the manufacturer of industrial process measurement and control devices as an applications engineer. Through this experience, Ms. Wood developed and oversaw the installation of dozens of custom measurement and control solutions servicing chemical, petrochemical, refining, food, pharmaceutical, power, and environmental industries.
