REPRESENTATIVE CASES

Counsel for a digital imaging technology company and solo inventor regarding automatic digital image correction technology, successfully prosecuted discovery in a litigation and licensing campaign that included multiple lawsuits in the Eastern District of Texas against many of the world's largest digital camera companies located in Japan and South Korea. All cases settled during discovery on terms favorable to the client, and the client's technology is now licensed throughout the industry.

Counsel for large Israel-based Internet proxy provider in a series of actions in the Eastern District of Texas, including claims for patent infringement, trade secret misappropriation, false advertising, and other related claims including antitrust. Successful jury trial resulted in a verdict of willful infringement, no invalidity and multi-million lost profit finding for client.

Counsel for Taiwanese inventor and manufacturer of air mattresses in patent lawsuit in the Eastern District of Texas and related arbitration and *inter partes* review proceedings. Reached favorable pre-trial settlement against one of the world's largest retailers.

Counsel for defendant wireless router manufacturer in patent lawsuits in the Central District of California.

Counsel for large defendant wireless router manufacturer in patent lawsuit in the Eastern District of Texas and related multi-district litigation in the District of Delaware that resulted in settlement following a favorable claim construction order.

Prior to joining Cheriean Harkins Dunham LLP, Mr. Wielkopolski was an Associate with Urrabazo Law P.C., where he represented co-plaintiff Science Applications International Corporation in *VirnetX Inc. v. Cisco Systems, Inc. et al.*, *VirnetX Inc. et al. v. Apple Inc.* and *VirnetX Inc. et al. v. Microsoft Corporation*.
